

Verified H19-321 Exam Dumps Q&As - Provide H19-321 with Correct Answers [Q16-Q30]

Verified H19-321 Exam Dumps Q&As - Provide H19-321 with Correct Answers
Pass Your H19-321 Dumps Free Latest Huawei Practice Tests

NO.16 The following () belongs to the self-developed products of the energy base product line (multiple choice)

- * NtECo monitoring system
- * Ups
- * Air conditioning between rows
- * Chillers

NO.17 What are the steps in the implementation process of HUAWEI CLOUD Evaluation Service Methodology? (Multiple choice)

- * Assess readiness
- * Application research
- * Application analytics
- * Evaluate the results

NO.18 Which one is not included in the business migration evaluation survey? (Multiple choice)

- * Data center-level disaster recovery

- * Data-level disaster recovery
- * Application-level disaster recovery
- * Business-level disaster recovery

NO.19 the competitors of energy base products are not included.

- * Schneider
- * Emerson
- * Emacon
- * IBM

NO.20 modular data center products are suitable.

- * Micro Data Centers
- * Small data centers
- * Medium to large data centers
- * All of the above

NO.21 Which of the following sales scenarios does not require a separate maintenance service?

- * Digital Communication products require 1 year of basic maintenance service
- * Server products require 3 years of Gold+ service
- * Digital Solution products require 1 year of standard maintenance services
- * Storage products require 5 years of standard + maintenance services

NO.22 IP network evaluation optimization service can be sold in scenarios that include friendly equipment.

- * True
- * False

NO.23 What are the following SDH network optimizations? (Multiple choice)

- * Network topology changes
- * Business path optimization
- * ECC subnet optimization
- * Network clock synchronization optimization
- * Single board replacement optimization

NO.24 Support backup / in Fusion SphErE The types of data stores for the recovery feature include: (multi-select)

- * Local hard disk
- * Virtualize local hard disks
- * SAN storage
- * Virtualize basic shared storage
- * NAS storage
- * Fusion StorAgE

NO.25 The IP network evaluation and optimization service does not include the optimization solution implementation service module.

- * True
- * False

NO.26 Which of the following activities is not included in big data performance tuning?

- * Performance monitoring
- * Cluster performance analysis
- * Component performance information collection

- * ETL architecture consulting

NO.27 which migration method below can achieve better smooth migration, but also cover more application scenarios, the main limitation is that there are more compatibility problems, you need to do detailed compatibility testing () before migration

- * Migration based on application software features
- * Migration based on volume management software features
- * Host-based migration
- * Network-based migration

NO.28 According to the nature of use, management requirements and the degree of loss or impact caused by the interruption of the operation of the electronic information system due to the failure of the site equipment, the data center is divided into () levels.

- * 3
- * 4
- * 5

NO.29 What are Huawei's cloud computing disaster recovery backup solutions? (Multiple choice)

- * HypErDP backup service
- * Host Replication Disaster Recovery (UItrAVR).
- * Storage-based replication disaster recovery (UItrAVR).
- * Cloud-active disaster recovery (VIS).

NO.30 The data center L1 integration project feedback should contain (multiple choice)

- * Customer capital budget and construction time requirements
- * Customer relationship support, channel cooperation progress
- * Key competitor dynamics
- * Currently in the operational phase of the project
