SAP E_ACTCLD_21 Exam Description:

The "SAP Certified Specialist - SAP Activate for Cloud Solutions Project Manager" certification exam verifies that the candidate has the knowledge required in the area of SAP project management. This exam validates whether SAP Cloud-focused project managers have advanced business skills and the ability to apply methodologies and tools. Aside from advanced communication and presentation skills, this certificate also verifies that the project manager has skills to manage internal and external stakeholders, basic knowledge of change management processes, and communicating these processes to others. This exam validates that project manager can successfully manage the end-to-end transition of the project from Sales to Realization, can develop roadmaps for project execution, and understand testing and quality management. In particular for SAP Cloud-related projects, the exam verifies that the Project Manager can apply the SAP Activate Methodology.
