2024 H19-315-ENU dumps review - Professional Quiz Study Materials  
H19-315-ENU Test Prep Training Practice Exam Questions Practice Tests

The H19-315-ENU exam is suitable for those who want to work as a Huawei Pre-sales engineer, Solution architect, or Technical support engineer. H19-315-ENU exam validates the candidate's ability to provide pre-sales consultation, product presentation, and technical support for Huawei's Transmission & Access products. HCSA-Presales-Transmission & Access certification helps the candidate to stand out from the crowd and increase their job opportunities.

### NEW QUESTION 22

The advantages of SDH ultra-long distance solutions used in the power industry do not included ().

- \* Super long-distance capability is definitely ahead
- \* Unified network management of optical amplifier and MSTP equipment

- \* The optical amplifier system does not require additional network management channels
- \* Supports amplification techniques such as Raman and remote pumping

### NEW QUESTION 23

What are the protection types of WDM? (Multiple choice)

- \* In-board 1+1
- \* Client side 1+1
- \* Device Level 1+1
- \* ODUk SNCP
- \* Line side 1+1

### NEW QUESTION 24

Disaster recovery of financial data centers can reduce the loss caused by disasters.

- \* TRUE
- \* FALSE

### NEW QUESTION 25

What kind of optical transmission solution is currently the main push for e-government?

- \* OTN
- \* PTN
- \* MSTP
- \* MS-OTN

### NEW QUESTION 26

The current minimum equipment provided by Huawei's transmission products is ()

- \* OptiXstar A810
- \* OptiXtrans E6604
- \* OptiXtrans E6608
- \* OptiXtrans E9605

### NEW QUESTION 27

In the subway industry, the transmission network is mostly a ring network. According to the length of the subway line, it is generally two or three rings. The MS-OTN solution solves the networking problem of the intersecting ring on the basis of satisfying the tangent ring, to better match the needs of the subway network.

- \* TRUE
- \* FALSE

### NEW QUESTION 28

What are the common OLT models for radio and television access? (Multiple Choice)

- \* MA5800-X2
- \* EA5800-X2
- \* MA5800-X15
- \* EA5800-X15

### NEW QUESTION 29

Huawei Financial Data Center transmission scheme FC interface maximum support:

- \* FC1600
- \* FC2400
- \* FC3200
- \* FC4000

### NEW QUESTION 30

The Metro MS-OTN solution can use license to control bandwidth. Which of the following bandwidths cannot be achieved with license control?

- \* 100G
- \* 80G
- \* 40G
- \* 20G

### NEW QUESTION 31

Terminal ONT/ONU products in all-optical campus can be used on GPON, 10GPON, and XGSPON platforms.

- \* TRUE
- \* FALSE

### NEW QUESTION 32

Full-light Hospital usually has multiple networks coexisting, including which of the following? (Multiple Choice)

- \* Office network
- \* External network
- \* Equipment network
- \* Wireless move &#8220;0&#8221; roaming network

### NEW QUESTION 33

Which of the following descriptions about the enhanced MSTP metro solution are correct? (Multiple choice)

- \* The line bandwidth can reach 20G, and support smooth switching to 40G
- \* Unified service bearer, TDM service and Ethernet service are independently forwarded and bearer
- \* A single ring has a maximum of 64 nodes, supporting tangent/intersecting multiple topologies
- \* MRPS+SNCP dual-plane protection, far less than 50ms protection switching

### NEW QUESTION 34

Which industry has a multi-data center interconnection scenario? (Multiple choice)

- \* Internet
- \* Electricity
- \* Transportation
- \* Finance

### NEW QUESTION 35

The video private network transmission network has higher network security, because what does Huawei transmission equipment

support? (Multiple choice)

- \* Line encryption
- \* Wavelength Isolation
- \* Business hard isolation

### NEW QUESTION 36

To achieve a wide range of WLAN coverage in the office area of the park, it is required to achieve seamless roaming without interrupting services. Which of the following methods is recommended to provide wireless access.

- \* Thin AP
- \* Fat AP
- \* ONT comes with WIFI to provide wireless
- \* The above statement is incorrect

### NEW QUESTION 37

Which of the following protection methods has the highest cost?

- \* Optical line OLP protection
- \* 1+1 protection in OTU board
- \* ODUk SNCP
- \* Equipment 1+1 protection

### NEW QUESTION 38

ODN is an important part of the POL solution, the networking is flexible and convenient, the transmission distance is long, and the optical fiber transmission does not require power supply, but the ODN equipment still needs power supply.

- \* TRUE
- \* FALSE

### NEW QUESTION 39

The OTU unit can use different FEC types for docking, such as, the originating end uses AFEC, and the receiving end uses FEC.

- \* TRUE
- \* FALSE
